Colleagues,

To ensure that OMB is aware of any upcoming mission critical impacts and related effects, we have been asked to develop a list of priority impacts to major program activities should the shutdown continue through April 1<sup>st</sup>. This list should be inclusive of critical life/health/safety/economic/other impacts.

Please help us complete this effort by identifying those high visibility issues that you expect will be most significantly impacted should the shutdown continue through April 1<sup>st</sup>. The template below should be used when gathering this information, and one submission for each

major program office should be provided to Carol Terris ([Terris.Carol@epa.gov](mailto:Terris.Carol@epa.gov)) and Maria Williams ([Williams.Maria@epa.gov](mailto:Williams.Maria@epa.gov)) by **3:00 pm on Thursday, January 24<sup>th</sup>**.

- Program office
- Brief description of major programmatic activity and impact to life/health/safety/economy/etc.
- Date of expected impact on government

Thank you for your immediate attention.
